---

UX Engineer and Front-End & Mobile Developer with experience in designing and developing digital products from concept to implementation. Skilled in UI/UX design, front-end development, and mobile app development using SwiftUI and web technologies. Experienced in building user-centered applications, developing responsive interfaces, and collaborating with cross-functional teams to deliver functional and user-friendly digital solutions.

## Technical Skills:

- SwiftUI
- HTML, CSS, JavaScript
- Bootstrap
- ASP.NET Web Forms
- Responsive Web Development

## UX & Design Skills:

- UI/UX Design
- User Flows & Wireframing
- Responsive Design
- Figma
- Adobe Creative Suite

## Projects

### Toura Mobile Application - SwiftUI

- Designed and developed a mobile application available on the Apple App Store.
- Responsible for UX/UI design, user flows, and front-end development using SwiftUI.
- Built reusable UI components and implemented application features and navigation.
- Integrated APIs and managed application data.
- Worked on the product from concept, design, development, and launch.

### Enterprise Web Applications - Saudi Aramco

- Developed and maintained front-end interfaces for internal enterprise systems.
- Implemented responsive web interfaces and dashboards using HTML, CSS, Bootstrap, ASP.NET.
- Collaborated with business teams to improve usability and functionality of internal tools.
- Worked in cross-functional teams including developers, designers, and business stakeholders.

### UI/UX & Web Projects

- Designed and developed multiple responsive websites and dashboards.
- Focused on usability, layout structure, and performance optimization.

## Work Experience

### Front-End Developer - Saudi Aramco (Contractor)

May 2023 - Feb 2026

- Contributing to the development of enterprise web applications and digital tools supporting Upstream Business operations, including platforms serving executive management.
- Collaborating with cross-functional teams to transform UX/UI designs into scalable, high-performance web applications, with a strong focus on usability, accessibility, and user experience quality.
- My role focuses on bridging design and development – ensuring that digital products are not only functional, but also intuitive, user-centered, and aligned with business and operational needs.
- Contributed to improving internal digital platforms and enhancing user experience across multiple enterprise tools.

## Work Experience

### Graphic Designer - Saudi Aramco (Contractor)

*Dec 2021 - Apr 2023*

- Designed visual and digital materials for internal platforms, corporate events, and communication campaigns, contributing to improving visual communication and user engagement across multiple departments.
- Worked on branding, presentations, digital assets, and visual content supporting major initiatives, internal forums, and corporate programs.
- My work focused on transforming information and ideas into visual experiences that improve engagement, communication, and user experience.

### Graphic Designer - Tamimi Markets

*Aug 2020 - Nov 2021*

- Worked on marketing campaigns, packaging design, and social media visuals, contributing to brand visibility and marketing communication across multiple channels.
- Collaborated with marketing teams to create promotional materials and visual content aligned with brand guidelines and campaign objectives.
- My work focused on creating visually engaging designs that support marketing goals, improve customer engagement, and strengthen brand presence.

### Graphic Designer - SIMA Creative Global Co.

*Aug 2018 - Feb 2020*

- Delivered branding and advertising design projects for major clients including Saudi Aramco, Schlumberger, and Baker Hughes.
- Worked on event branding, marketing materials, and visual identity projects, supporting brand communication and campaign delivery for corporate clients.
- This role helped build my foundation in branding, visual communication, and working with corporate clients and large-scale projects.

## Education:

- Bachelor's Degree in Business Administration - King Faisal University
- Diploma in Management Information Systems - Al-Alamia Institute
